## THE NEW INDEXABLE CENTER DRILL IS NOW AVAILABLE AND IN STOCK

Visit Us at Westec (LA, March 23-25, 2010) to See the New I-Center  
The **i-center** provides a unique solution -- upgrading the center drill process into the next indexable generation and leaving HSS and solid carbide centering behind as ancient history.

To learn more about this product, read "The Value Of Indexable-Insert Center Drills" at [Modern Machine Shop Online](#).

To view the new i-center, stop by our booth at WESTEC:  
Innovative Tool Sales  
Booths #2444 and #2445  
LA Convention Center  
Los Angeles, CA  
March 23-25, 2010  
[Westec Online](#)

Additional information about the i-center can be downloaded from our web site: [Indexable Center Drill](#)

## VIEW OUR NEW PRODUCT GUIDE

**Updated Design and Format**  
Our **2010 Product Guide** has been designed with the end-user in mind. ISO colors, an easy to use technical section, and short cuts are all improvements in this catalog.

Make Everede Tool Company your first choice for boring. Our indexable bar program has steel, carbide and heavy metal down to .180 min bore.

Specials are "our business." We can provide quick turn around on quotes and delivery. Everede Tool products are manufactured in our Chicago plant.

Just say "Ever Ready"

The full product guide may be viewed and/or ordered online at our web site:
